INVITATION

The Organizing Committee of the International Conference "Modern Trends in Physics" invites you to take part at the Conference and give a talk entitled "Search for the Associated Production of a Higgs Boson and a Top Quark Pair in Multilepton Final States with the ATLAS Detector".

The workshop is to take place in Baku, Azerbaijan, from April 19 (day of arrival) till April 23 (day of departure) 2017. Detailed information for the participants is available at <http://www.mtphysics.org>.

We will be happy to your participation at scientific discussions.

You are welcome to Baku State University.

vice-Chair of the Organizing Committee

Professor M.A. Ramazanov
